Presents

The 2011 Beach Season

Learning the Outdoor Game to Improve the Indoor Game

Playing Beach Volleyball is a great way to improve a player's indoor game. Players will learn roll shots, movement, how to jump in the sand, outdoor setting, outdoor serving, beach digs, smart shots, etc. Learning the beach game will benefit the individual's indoor game by improving defensive skills, offensive shots, communication skills, and increasing the individual's quickness, agility, and vertical jump as they learn the doubles game during this season.
