

Super Bowl Pool directions for participants

A pair of touchdowns worth of guidelines to help ensure a successful fundraiser

- 1 All cards must be completely filled prior to the Super Bowl
- 2 All proceeds must be used for Diamond Elite expenses.
- 3 We suggest that you do not participate in your own pool, unless it is all among family & friends
- 4 We insist that you have a public/witnessed drawing.
- 5 The completed card must be copied and given to all members prior to the start of the Super Bowl or posted
- 6 Awards must be paid out promptly. Please hold the prize money separate from your other finances until it is paid out
- 7 Please do not deviate from these directions or the intended use of this fundraiser
- 8 Parents may participate in &/or complete more than one card
- 9 Parents may 'team up' with other parents to complete a card. Example: "I fill 50 squares, you fill 50, we'll split the proceeds"
- 10 Academy of Competitive Excellence neither condones nor disapproves of gambling.
This is a fundraiser to assist in paying for Club dues, uniforms, tournament fees and travel expenses
- 11 You are the cardholder and responsible party. DEVA and ACE assume no responsibility for lost/stolen money or other unforeseen circumstance. Fill out your information on the lower right of the card
- 12 We suggest that you run this pool completely separate of Diamond Elite responsibilities.
However, if you request it, to assist with the fundraiser
 - 12a Diamond Elite will draw numbers for you
 - 12b Diamond Elite can cash checks for you (you are responsible for NSF fees)
 - 12c Diamond Elite can issue the winner payment checks for you
 - 12d DEVA can verify to any participant that we are a non-profit, we do exist, and this is an actual fundraiser
- 13 For any situations that arise that are not covered in these rules, use good, fair judgment
- 14 Good luck, have fun, enjoy the game.
The \$5 card will raise \$250 and a complete \$10 card will raise \$500 after prize money has been paid out.
